

# Home Security Lock Boxes

For Gill and Montague  
Seniors

TRIAD, Greenfield Savings Bank, the Montague Police Department, the Gill Police Department, and the Gill Montague Council on Aging have teamed up to provide and install lock boxes on Montague and Gill seniors' homes. These are small locked metal boxes with a digital key pad (like an ATM machine) and a spare house key to your door is locked inside. The Police Department will have the box access code on file in case you have an emergency and cannot get to the door to unlock it. This could not only save time in an emergency but also could save you a broken door or window. The boxes and the installations are free and applications are available at the Gill Montague Senior Center in Turners, telephone (413-863-9357), at the Montague Police Department and at the Turners Falls Branch of the Greenfield Savings Bank telephone (Linda Ackerman 413-775-8261)

- 1.) Homeowner fills out application form pressing down firmly because it's a 4 part form and the last page needs to be legible
- 2) please print
- 3.) We keep all four copies. If the homeowner wants a copy, xerox one for them to take
- 4.) Roberta will take the completed forms and a lock box (from storage) to the police department.
- 5.) The Montague Police Department will contact the homeowner to arrange installation. Perhaps not immediately/
- 6.) The homeowner should be ready with a spare key to go in the lock box
